

Berkeley Charleston Dorchester Council of Governments (BCDCOG)

Request for Proposal Multidisciplinary Team to Develop a Corridor Study and Engineering Report For the US-52 Corridor

From US Route 17 Alternate (US-17Alt) and Rembert C. Dennis Boulevard to US-78 (University Boulevard)

April 18, 2019

I. INTRODUCTION TO AGENCY/PROJECT OBJECTIVE

The Berkeley Charleston Dorchester Council of Governments (BCDCOG) is an association of local governments that assists in planning for common needs of the three counties and municipalities therein for sound regional development. As such, BCDCOG is soliciting proposals from a multidisciplinary team of consultants, hereafter referred to as "Consultant", to assist with the development of a multi-modal Corridor Study and Engineering Report for the US-52 Corridor between US-17 Alternate (US-17Alt) and Rembert C. Dennis Boulevard in Moncks Corner and US-78 (University Boulevard) in the City of North Charleston.

The purpose of the **US-52 Corridor Study and Engineering Report** is to define a vision for the roadway that incorporates long-term corridor preservation, safety and roadway improvements, as well as adjacent land uses along the corridor. The study should propose both short- and long-term multi-modal mobility, accessibility and safety solutions for current and anticipated travel demand in the corridor. Solutions must be appropriate for various land uses, support anticipated development envisioned along the corridor, and must meet the corridor's multi-modal needs including freight and transit uses, as well as bicycle and pedestrian connectivity.

II. PROJECT BACKGROUND AND LOCATION

The BCD region (Appendix A: Study Area Map) is experiencing significant growth with new industry and residents relocating to the area daily. With a population of roughly 761,150¹ as of 2016, the tri-county region has seen an approximate 45 new residents move to the area each day². According to U.S. Census data, for the period 2012-2016, the Charleston MSA population was growing at approximately 3-times the national average with much of this growth occurring in the periphery suburban areas of the region, especially in Dorchester and Berkeley counties³. While all three counties in the region have seen steady growth, the higher population growth in Berkeley and Dorchester counties is attributed to greater access to land for development, cheaper land costs and over all affordability of these counties in comparison to Charleston County⁴. This growth, however, has come with challenges as road capacities reach their limits and growing congestion negatively impacts the movement of people and goods in the region. Growing congestion, if not effectively addressed, can contribute to quality of life issues which

¹ U.S. Census Bureau, 2016 American Community Survey 1-Year Estimates

² Charleston Regional Development Alliance – Population and Demographics, 2017

³ Berkeley-Charleston-Dorchester Housing Needs Assessment, 2014

⁴ The BCD Region Comprehensive Economic Development Strategy (2018-2023), 2018

may result in the loss of existing and potential residents or businesses, thus hurting the economic health of the area.

The US-52 corridor is a major highway that serves to connect many Berkeley County communities, such as the satellite communities of the Town of Moncks Corner and the City of Goose Creek, to the Cities of North Charleston and Charleston. The approximate 18-mile corridor (Appendix B: US-52 Corridor Study Map) between US-17Alt and Rembert C. Dennis Boulevard in the Town of Moncks Corner and US-78 (University Boulevard) in the City of North Charleston, is primarily a four-lane divided roadway through Button Hall Avenue and a six-lane divided roadway through US-78, that carries as many as 54,000⁵ cars a day. Although the corridor connects more established town center nodes, the current land uses along segments of US-52 are less intense and a sparse mix of residential and commercial uses and undeveloped lands. However, land uses along this corridor are anticipated to change in response to the increased population and economic growth being experienced in the County. Additionally, as growth occurs, it is important to plan ahead to provide a reliable, safe, transportation network far into the future. The US-52 corridor has been identified in the 2018 Regional Transit Framework Plan as a future Bus Rapid Transit Corridor, and as such, the region must work to begin preservation of the rights-of-way of this proposed transportation corridor now.

III. PROJECT DESCRIPTION

The selected Consultant will be tasked with developing the **US-52 Corridor Study and Engineering Report** which will seek to proactively plan for the development of the proposed US-52 corridor in an effort to optimize its operation, meet its current and future multi-modal mobility needs; including freight and transit uses, as well as bicycle and pedestrian connectivity; and support its future land uses. The study should establish an overall vision for mobility, accessibility and safety along the US-52 corridor, develop both short and long term multi-modal solutions for current and anticipated travel demand in the US-52 corridor, and include implementation strategies and performance criteria that support the vision.

Berkeley County and the respective local jurisdictions involved have adopted comprehensive land use plans promoting nodal development along this corridor that supports a mix of residential, employment, commercial and mixed-use land uses that also balances environment and community interests. Local jurisdictions have also identified the US-52 roadway facility as a limited access corridor which allows for limited vehicular and pedestrian access to adjoining land uses, and further recommends preservation of the corridor through focused connectivity at planned intersection development nodes along the corridor⁶. As such, the proposed Study will include a land planning analysis that will consider various land use scenarios, including use mix and intensities that can be supported by the corridor, identify potential transportation issues, constraints and opportunities that may arise, and propose transportation solutions to achieve a healthy multi-modal corridor. Recommended solutions should also consider the optimal corridor access required to support the proposed land use alternatives evaluated. Solutions should utilize existing DOT identified controlled access points along US-52 and recommend any additional access points required to efficiently and effectivity support future land uses without compromising mobility and safety of the corridor.

⁵ SCDOT 2017 Traffic Count Data

⁶ City of Goose Creek Comprehensive Plan Update, 2016

The US-52 corridor currently supports rural fixed route and commuter transit service provided by TriCounty Link – the region's rural transit provider. These routes operate both fully and partially along the corridor, and include service to three park-and-ride facilities. The corridor has also been identified, in the recently completed *Regional Transit Framework Plan (2018)*, as a recommended High Capacity Transit Corridor for future development. The US-52 Corridor Study and Engineering Report will seek to recommend appropriate and feasible accommodations for transit service along the corridor including integration of future possible high capacity transit service, park-and-ride facilities and safe pedestrian and bicycle connectivity to such service from adjacent uses where appropriate. The study should also address preservation of right-of-way to accommodate future bus rapid transit along the full extent of the corridor. Land use scenarios should also consider population and employment densities that can support such high capacity transit service.

The study should be supportive of and integrate any multi-modal and land-use/development plans in the area. These include but are not limited to the Berkeley County Comprehensive Plan (2018 5-year review), City of Goose Creek Comprehensive Plan (2015), Town of Monks Corner Comprehensive Plan (2017), City of North Charleston Comprehensive Plan (In-progress), Our Region Our Plan (2012), CHATS 2040 Long-Range Transportation Plan (In-progress), WalkBike BCD Plan (2017), Regional Transit Framework Plan (2018), and Regional Park and Ride Study (In-progress).

IV. REQUEST FOR PROPOSALS

BCDCOG, in coordination and cooperation with the counties and local municipalities, is hereby issuing this Request for Proposals (RFP) to firms that have the capability and interest in undertaking and performing the **US-52 Corridor Study and Engineering Report**. Each firm is officially a Consultant. Each Consultant must submit a package containing one (1) original, one (1) digital and four (4) copies of its proposal to BCDCOG no later than 3:00 p.m. on May 16, 2019 to:

Jason McGarry, Procurement/Contracts Administrator
BCD Council of Governments
5790 Casper Padgett Way
North Charleston, SC 29405

Proposals may be submitted in person, by messenger, or by regular mail. All proposals will be logged in and date and time stamped. Any proposal package that is received after the date and time specified will be logged in and date and time stamped as "late" and returned unopened to the Consultant.

Proposals must not be more than the equivalent of 25 single-sided 8 ½ by 11-inch pages in length (not counting the front and back covers of the proposal, cover letter of interest, section dividers that contain no information or SF 330 forms). The font size should be no smaller than 12 pt. Proposals shall include the following information:

1. A work plan describing the Consultants proposed approach and methodology to the project.

2. A suggested project schedule that includes tasks, milestones, technical memorandums, and final deliverables, to indicate how the Consultant proposes to meet the targeted timeline for this project.
3. Name(s) of the prime and sub-Consultants that will comprise the team, identifying the Executive Officer of each company. Consortia, joint ventures or team proposals, although encouraged, must acknowledge that contractual responsibility will rest solely with one Contractor or legal entity which shall not be a subsidiary or affiliate with limited resources.
4. Identity of the proposed Project Manager for the team who will be the sole point of contact to BCDCOG for day to day operations.
5. List of the key personnel who will participate in performing the scope of work. Provide a resume for each listed team member, including sub-Consultant key personnel who will be completing a portion of the scope of work.
6. An organizational chart depicting the relationships between the team members and agencies and responsibilities of each.
7. List of four (4) relevant projects performed within the past 5 years indicative of past performances and abilities of the proposed team, including a key client contact person for each project with current daytime phone number.
8. Standard Federal Form 330 for the prime Consultant and all sub-Consultants.
9. Signature of an authorized officer of the prime Consultant firm.

V. KEY PROJECT ELEMENTS or STUDY DETAILS

The Consultant shall prepare a **US-52 Corridor Study and Engineering Report** for the BCDCOG. Work to be performed by the Consultant on the Study consists of the furnishing of all labor, equipment, materials, expertise, tools, supplies, bonds, insurance, licenses and permits, and performing all tasks necessary to accomplish work items concerning the design and development of the US-52 Corridor Study and Engineering Report unless specifically excluded as agreed upon by contract.

The proposal should address how the Consultant will develop a plan that includes, but is not limited to the following core areas. This is not meant as a comprehensive list, but included to give guidance to any Consultant firm considering a proposal regarding some discussions that have taken place thus far in studies and other forums.

- The Consultant will establish, through stakeholder and public input, a corridor vision that is consistent with and supports regional and local land use and development plans for the area.
- The Consultant will propose a public involvement plan to include a major charrette to develop the bulk of the plan. In addition to the charrette, the community should be actively engaged via innovative communication methods. Key neighborhoods and other community stakeholders should be identified and involved in the process.

- The Consultant will analyze the impact of vehicular traffic on the corridor, explore innovative ways to mitigate peak demand traffic, and develop innovative access management concepts where applicable. The Consultant will provide an assessment of the corridor's relationship to other currently recommended and programmed improvements that may impact the operation of the US-52 corridor.
- The Consultant will develop strategies for Corridor Preservation to ensure right-of-way is preserved for future high capacity transit as identified in the 2018 Regional Transit Framework Plan along the entire corridor, including the center median where applicable.
- The Consultant will develop a plan that integrates recommendations from other multi-modal and land use planning efforts that impact the corridor under investigation. These include but are not limited to the following:
 - Pedestrian and bicycle recommendations from the *BCD WalkBike Plan (2017)* that supports the US-52 corridor as a major regional bicycle/pedestrian connection, with key linkages to nearby bicycle and pedestrian destinations.
 - Future recommended high capacity transit service along the corridor identified in the 2018 Regional Transit Framework Plan. The Corridor Study should evaluate best approaches for integrating future transit service into the roadway/intersection design and providing efficient and safe connections between modes (transit, pedestrian and bicycle), transit facilities (park-and-ride) and adjacent land uses.
 - County and local jurisdiction comprehensive land use plans, and other area plans.
- Using currently adopted Future Land Use designations as a point of departure, the Consultant will, through a scenario planning process, develop alternative land use scenarios that can be supported by the corridor. Consideration should be given to various land use mixes and densities, current and future travel demands generated on the corridor, and multi-modal use of the corridor to include freight, transit, pedestrian, and bicycle uses. Planned roadway access and connectivity to nodal development along the corridor should be evaluated as part of the planning process. Emergency evacuation capabilities and improvements should be analyzed and recommended as well.
- The Consultant recommendations will include conceptual land use and transportation solutions for the corridor. Consultants will develop a set of cross-sections and associated guidelines for existing and future transportation facilities in the study area, along with conceptual designs for improvement alternatives. Concepts will include adjacent land use design, roadway and major intersection treatments, and integrated transit, pedestrian and bicycle infrastructure design – including road crossing treatments and safe access and connectivity to adjacent land uses. Context sensitive design elements will reflect the social, environmental, and economic context of the surrounding land use captured in the visioning process.

- The Consultant will produce short- and long-term visions and recommendations to improve the function of the US-52 corridor to complement the land use and urban form envisioned for the area. These will include cost estimates and evaluations of both public and private investment possibilities.
- The Consultant will also identify available funding sources for these projects, including innovative funding strategies.
- The Consultant will develop an implementation plan that outlines recommendations and develop a package of integrated policy recommendations, including land use and access management regulations and guidelines, designed to preserve and enhance the corridor, and facilitate implementation.
- The Consultant will work to generate community support for the concepts of the plan, via stakeholder meetings, charrette sessions, and subsequent community presentation of the plan's elements.
- The Consultant will present the finished plan to the various jurisdictions involved and work to assure its adoption.

VI. SELECTION PROCESS

All proposals received shall be evaluated by a Consultant Selection Committee, assisted by other technical personnel as deemed appropriate for the purpose of selecting the Consultant with whom a contract will be executed. The BCDCOG reserves the right to reject any and all proposals in whole or in part if in the judgment of the Consultant Selection Committee, the best interest of all parties will be served.

The Consultant proposal will be evaluated using a two-step selection process. The first step will involve evaluation of the Consultants technical proposal by the Selection Committee using the selection criteria below. The second (optional) step may involve oral interviews of/presentations by the Consultants submitting the highest scoring technical proposals. The selection of the Consultant will be determined by the highest total score.

The criteria and weight of consideration in making the selection are:

STEP ONE: Proposal Submission

Understanding the Purpose: 20 Points

Demonstrated understanding of the project purpose and goals as presented in the RFP by the Consultant. Evaluation will be based on information presented in the Consultants proposal, and the approach and allocation of time on specific tasks. Consultants should feel free to suggest other requirements and problems that may have been overlooked.

Method of approach: 25 Points

The technical soundness of the Consultants stated approach to the project, the comprehensiveness of the proposed approach, and the methodology/techniques to be used. Proposals should outline the type of deliverables anticipated over the course of the project.

Capability and qualifications: 20 Points

The qualifications, experience and technical expertise of team members to be assigned to the project as specified in the proposal including Sub-Consultants, and with particular reference to experience and technical quality on similar projects. The Consultants professional and project staff that work on the project must be the same staff that is identified in the proposal.

Stakeholder/Public Engagement: 10 Points

The Consultants proposed approach and experience with planning and facilitating public meetings/charrettes and other innovative ways to engage major stakeholders and members of the public.

Cooperative work experience: 10 Points

The Consultant/Consultant Team's experience working as a cooperative team with other Consultants and public agencies. Qualifications of professionals assigned will be measured by experience on past projects within a cooperative team environment. The Consultant will provide specific examples of cooperative work experiences with contact references for the selection committee.

Originality or innovativeness: 10 Points

The degree to which an innovative approach to the project is proposed beyond the suggested elements, either in data gathering and analysis, public participation, etc. that will be accomplished within the time limits.

Schedule: 5 Points

The Consultants suggested project schedule and demonstrated ability to follow a schedule that will successfully complete the project within the required time frame.

Disadvantaged Business Enterprise (DBE) designation or subcontractor participation: 5 Points

The extent to which the prospective Consultant/Consulting Team includes participation of a DBE. See agency policy on following page.

STEP TWO: Oral Presentations (BCDCOG reserves the right not to include this activity)

Consultants with the highest scoring technical proposals may be requested to make an oral presentation of their proposal. This presentation, if held, will provide an opportunity for the CONSULTANT to clarify their proposal.

QUESTIONS AND CLARIFICATIONS:

Consultants may ask questions to clarify the contents of this RFP and expectations of the BCDCOG related to this project. All questions or request for clarifications shall be submitted by fax or email or in writing no later than May 09, 2019. All questions submitted and their answers will be promptly placed on the BCDCOG website at www.bcdcog.com after the deadline for questions. No telephone inquiries shall be accepted.

If, in the judgment of the BCDCOG, changes in the content of the RFP are required, an addendum will be issued by the BCDCOG. Any addendum that may be issued will be transmitted by fax and e-mail to a list of firms maintained by the BCDCOG and in the South Carolina Business Opportunities (SCBO).

Due to potential conflict of interest, no Consultant or person representing a Consultant may arrange or meet with individual members of the BCDCOG or the review committee to discuss any items or matters related to this RFP during the period of time between the date of the release of this RFP and the date the BCDCOG makes the decision selecting the successful Consultant.

PROPOSED TIMEFRAME FOR SELECTION PROCESS

The proposed timeframe for this selection process is as follows:

Request for Proposals Due:	May 16, 2019
Interviews (if held):	TBD
Award of Contract:	TBD
Completion of Contract:	TBD

NOTICE OF AWARD

Selection of the successful Consultant will be made solely by the BCDCOG. The Consultant Selection/Steering Committee shall rank each proposal against the stated criteria. BCDCOG reserves the right to contact a firm to obtain written clarification of information submitted and to contact references to obtain information regarding performance reliability and integrity.

Based on evaluations of the submitted proposals, the BCDCOG will select the top ranked firm and negotiations will begin immediately to finalize the scope of work, personnel, hours, hourly rates, use of sub-consultants, and other direct costs that will be required to complete the agreement between BCDCOG and the selected firm. If an agreement cannot be reached with the top ranked firm, BCDCOG will identify the next most responsive and qualified firm and the negotiation phase will be repeated. This process will be continued until an agreement is reached with a qualified firm that can provide the required services. BCDCOG reserves the right to reject any and all proposals received, and in all cases BCDCOG will be the sole judge as to whether a CONSULTANT's proposal has or has not satisfactorily met the requirements of this RFP.

VII. ADDITIONAL INFORMATION

FUNDING

Funding for this project will be provided through Federal and State transportation funding sources. Costs incurred prior to notice-to-proceed will be the responsibility of the Consultant and will not be reimbursed. All travel expenses prior to notice to proceed shall be at the Consultants expense. This project will be negotiated as a lump sum contract.

DISADVANTAGED BUSINESS ENTERPRISE

It is the policy of the BCDCOG to ensure nondiscrimination in the award and administration of federally assisted contracts and to use Disadvantaged Business Enterprises (DBEs) in all types of contracting and procurement activities according to State and Federal laws. To that end, the BCDCOG has established a DBE program in accordance with regulations of the United States Department of Transportation found in 49 CFR Part 26. Each Consultant is encouraged to use certified DBEs to meet the tasks and milestones of this request. A list of certified DBEs can be found at: http://www.scdot.org/doing/businessDevelop_SCUnified.aspx.

To ensure compliance with the BCDCOG DBE policies, BCDCOG's goal is to achieve a minimum participation of 10% by South Carolina Unified Certification Program (UCP) certified DBEs for this project. The following statement should be included in the proposal to denote the level of proposed DBE participation.

"We the (CONSULTANT) ensure to the fullest extent possible that at least _____% of all procurement, including sub consultants, made with funds provided under this project/plan/request will be made from organizations owned and controlled by socially and economically disadvantaged individuals, women, and historically black colleges and universities."

PROPRIETARY/CONFIDENTIAL INFORMATION

Trade secrets or proprietary information submitted by a Consultant in connection with a procurement transaction shall not be subject to public disclosure under the Freedom of Information Act; however, the Consultant must invoke the protections of this section prior to or upon submission of the data or other materials, and must identify the data or other materials to be protected and state reasons why protection is necessary. Disposition of such material after award is made should be requested by the Consultant. No information, materials or other documents relating to this procurement will be presented or made otherwise available to any other person, agency, or organization until after award.

All Consultants must visibly mark as "Confidential" each part of their proposal that they consider to contain proprietary information. All unmarked pages will be subject to release in accordance with the guidelines set forth under Chapter 4 of Title 30 (The Freedom of Information Act) South Carolina Code of Laws and Section 11-35-410 of the South Carolina Consolidated Procurement Code. Privileged and confidential information is defined as "information in specific detail not customarily released to the general public, the release of which might cause harm to the competitive position of the part supplying the information." The examples of such information provided in the statute includes: customer lists, design recommendations and identification of prospective problem areas under an RFP, design concepts to include methods and procedures, and biographical data on key employees of the Consultants.

Evaluative documents pre-decisional in nature such as inter or intra-agency memoranda containing technical evaluations and recommendations are exempted so long as the contract award does not expressly adopt or incorporate the inter- or intra-agency memoranda reflecting the pre-decisional deliberations.

Marking the entire proposal confidential/proprietary is not in conformance with the South Carolina Freedom of Information Act.

VIII. PROJECT SCHEDULE

The Consultant must agree to begin work upon issuance of a notice to proceed by BCDCOG and to complete this work within 12 *months* of the date of such notice. The work shall be guided by a detailed flow diagram, prepared by the Consultant and furnished to the BCDCOG within one week of receipt of notice to proceed, and approved by BCDCOG. The project shall be considered complete only after action has been taken by the BCDCOG Board of Directors. Periodic payments for the work shall be made in accordance with a schedule proposed by the Consultant and approved by BCDCOG.

IX. MEETINGS

Stakeholder/Public meetings shall be conducted by the Consultant in coordination with BCDCOG staff during the course of this project. The Consultant shall be responsible for the logistics of these meetings and consistency with the CHATS Public Participation Plan. The number of meetings to be held shall be negotiated between the Consultant and BCDCOG/MPO project manager as part of the scope of work.

X. BRIEFINGS AND PRESENTATIONS

Regularly scheduled briefings shall be held by the Consultant for the BCDCOG/MPO. These briefings shall be held at least once every month at an agreed upon location during the course of the project. The purpose of the briefings will be to appraise the BCDCOG/MPO project manager of the activities of the Consultant, to schedule future activities and to ensure that the PROJECT is on schedule. Minutes for these meetings shall be the responsibility of the Consultant. Technical project presentations shall be made to the BCDCOG/MPO as requested by the BCDCOG/MPO's project manager and/or Executive Director until adoption, and possibly following the completion, of the plan.

XI. COMPUTING REQUIREMENTS

The BCDCOG will not be responsible for providing any proprietary software packages to the Consultant. Should the Consultant desire to use any BCDCOG programs, permission must be received in accordance with this agreement. Computations or graphics based on computer programs other than the BCDCOG's, must conform to all BCDCOG format requirements.

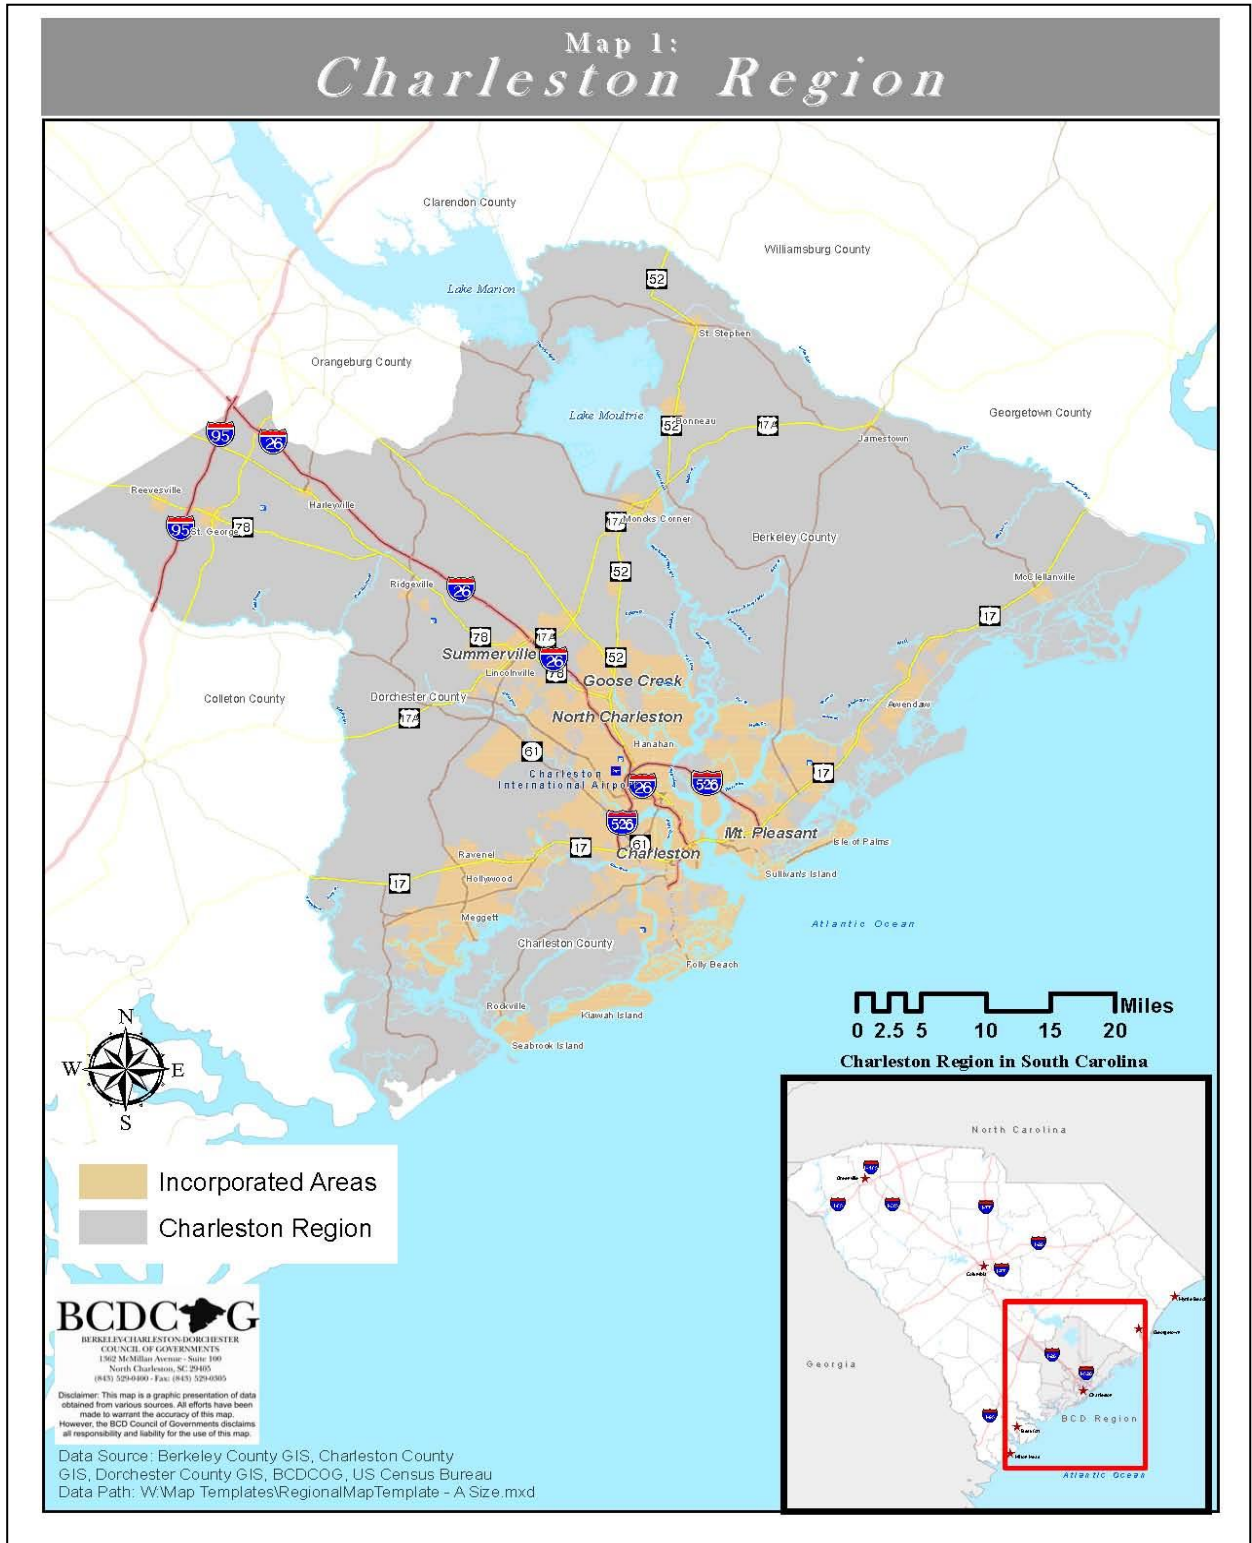

XII. SPECIFICATIONS FOR DOCUMENTATION

All documentation shall be in Microsoft Word and/or Adobe Portable Document Format (PDF). Any programming source codes, form designs, raw source database (in dBase III format, with field coding definition sheet) and other ancillary files shall be transferred to the MPO in addition to the executable applications at the closure of each task or any moment specified by the MPO project manager.

XI. DELIVERABLES

The Consultant shall provide copies of all Technical Memoranda, Draft Documents, an Executive Summary of the Final Report in Brochure format, and the Final Report in electronic and published formats. The number of paper copies shall be determined between the Consultant and the BCDCOG Project Manager. All work documents shall be presented to BCDCOG upon completion (Word, PDF, InDesign files, etc.) of the project or established milestone. For presentations to the Committees and Board of the BCDCOG, the Consultant shall prepare a PowerPoint or similar format presentation.

Appendix A: Study Area Map

Appendix B: US-52 Corridor Study Map

Appendix C – FTA Required Clauses for Third Party Contractors and Sub-Agreements

1. NO FEDERAL GOVERNMENT OBLIGATIONS TO THIRD PARTIES

(a) The Purchaser and Contractor acknowledge and agree that, notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying contract, absent the express written consent by the Federal Government, the Federal Government is not a party to the contract and shall not be subject to any obligations or liabilities to the Purchaser Contractor or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying contract.

(b) The Contractor agrees to include the above clause in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

2. PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS AND RELATED ACTS

(a) The Contractor acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. § 3801 et seq. And U.S. DOT regulations, "Program Fraud Civil Remedies, "49 C.F.R. Part 31, apply to its actions pertaining to this Project. Upon execution of the underlying contract, the Contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining the underlying contract or the FTA assisted project for which the contract work is being performed. In addition to other penalties that may be applicable, the Contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on the Contractor to the extent the Federal Government deems appropriate.

(b) The Contractor also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. § 5307, the government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5307(n)(1) on the Contractor, to the extend the Federal Government deems appropriate.

(c) The Contractor agrees to include the above two clauses in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.

3. ACCESS TO RECORDS

(a) The Consultant shall permit the authorized representatives of the Authority, the U.S. Department of Transportation and the Comptroller General of the United States to inspect and audit all data and records of the Consultant relating to his performance under the contract until the expiration of three years after final payment under this contract.

(b) The Consultant further agrees to include in all his subcontracts hereunder a provision to the effect that the subcontractor agrees that the Authority, the Department of Transportation and Comptroller General of the United States or any of their duly authorized representatives shall, until the expiration of three years after final payment under the subcontract, have access to and the right to examine any directly pertinent books, documents, paper and records of such subcontractor, involving transactions related to the

subcontractor. The term "subcontract" as used in this clause excludes purchase orders not exceeding \$10,000.

(c) The periods of access and examination described above, for records which relate to (1) litigation of the settlement of claims arising out of the performance of this contract, or (2) costs and expenses of this contract as to which exception has been taken by the Comptroller General or any of his duly authorized representatives, shall continue until such appeals, litigation, claims or exceptions have been disposed of.

4. FEDERAL CHANGES

Contractor shall at all times comply with all applicable FTA regulations, policies, procedures and directives, including without limitation those listed directly or by reference in the Master Agreement between Purchaser and FTA, as they may be amended or promulgated from time to time during the term of this contract. Contractor's failure to so comply shall constitute a material breach of contract.

5. CIVIL RIGHTS

Nondiscrimination - In accordance with Title VII of the Civil Rights Act, as amended, 42 U.S.C. § 2000d, section 303 of the Age Discrimination Act of 1975, as amended, 42 U.S.C. § 6102, section 202 of the Americans with Disabilities Act of 1990, 42 U.S.C. § 12132, and Federal transit law at 49 U.S.C. § 5332, the Contractor agrees that it will not discriminate against any employee or applicant for employment because of race, color, creed, national origin, sex, age, or disability. In addition, the Contractor agrees to comply with applicable Federal implementing regulations and other implementing requirements FTA may issue.

Equal Employment Opportunity

1. Race, Color, Creed, National Origin, Sex - In accordance with Title VII of the Civil Rights Act, as amended, 42 U.S.C. § 2000e, and Federal transit laws at 49 U.S.C. § 5332, the Contractor agrees to comply with all applicable equal employment opportunity requirements of U.S. Department of Labor (U.S. DOL) regulations, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," 41 C.F.R. Parts 60 ET SEQ. (which implement Executive Order No 11246, "Equal Employment Opportunity," as amended by Executive Order No. 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," 42 U.S.C. § 2000e note), and with any applicable Federal statutes, executive orders, regulations, and Federal policies that may in the future affect construction activities undertaken in the course of the Project. The Contractor agrees to take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, creed, national origin, sex, or age. Such action shall include, but not be limited to, the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. In addition, the Contractor agrees to comply with any implementing requirements FTA may issue.
2. Age - In accordance with section 4 of the Age Discrimination in Employment Act of 1967, as amended, 29 U.S.C. § § 623 and Federal transit law at 49 U.S.C. § 5332, the Contractor agrees to refrain from discrimination against present and prospective employees for reason of age. In addition, the Contractor agrees to comply with any implementing requirements FTA may issue.
3. Disabilities - In accordance with section 102 of the Americans with Disabilities Act, as amended, 42 U.S.C. § 12112, the Contractor agrees that it will comply with the requirements of U.S. Equal Employment Opportunity Commission, "Regulations to Implement the Equal Employment Provisions of the Americans with Disabilities Act," 29

C.F.R. Part 1630, pertaining to employment of persons with disabilities. In addition, the Contractor agrees to comply with any implementing requirements FTA may issue.

The Contractor also agrees to include these requirements in each subcontract financed in whole or in part with Federal assistance provided by FTA, modified only if necessary to identify the affected parties.

6. DISADVANTAGED BUSINESS ENTERPRISES

The Department of Transportation of the United States Government has, as a matter of policy, determined that grantees and their contractors shall endeavor to expend project funds with qualified disadvantaged business enterprises, as subcontractors, located within a reasonable trade area determined in relation to the matter of services or supplies intended to be procured. The Federal Transit Administration (FTA) encourages award of this solicitation, or any portion thereof, to contractors and/or suppliers, who qualify as Disadvantaged Business Enterprises (DBE) as defined by FTA.

(a) This contract is subject to the requirements of Title 49, Code of Federal Regulations, Part 26; Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs.

(b) The contractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of this DOT-assisted contract. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as Agency deems appropriate. Each subcontract the contractor signs with a subcontractor must include the assurance in this paragraph (see 49 CFR 26.13(b)).

(c) The prime contractor is required to pay each subcontractor under this contract for satisfactory performance of its contracts no later than thirty (30) days from receipt of each payment received by the Agency. Any delay or postponement of payment between prime and sub-contractors may take place only for good cause, and with prior written approval.

7. TERMINATION

a. Termination for Convenience

The Recipient may terminate this contract, in whole or in part, at any time by written notice to the Contractor when it is in the Recipient's best interest. The Contractor shall be paid its costs, including contract close-out costs, and profit on work performed up to the time of termination. The Contractor shall promptly submit its termination claim to Recipient to be paid the Contractor. If the Contractor has any property in its possession belonging to the Recipient, the Contractor will account for the same, and dispose of it in the manner the Recipient directs.

b. Termination for Default

If the Contractor does not deliver supplies in accordance with the contract delivery schedule, or, if the contract is for services, the Contractor fails to perform in the manner called for in the contract, or if the Contractor fails to comply with any other provisions of the contract, the Recipient may terminate this contract for default. Termination shall be effected by serving a notice of termination on the contractor setting forth the manner in which the Contractor is in default. The contractor will only be paid the contract price for supplies delivered and accepted, or services performed in accordance with the manner of performance set forth in the contract

8. INCORPORATION OF FTA TERMS

The provisions of this Addendum include, in part, certain Standard Terms and Conditions required by DOT, whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by DOT, as set forth in FTA Circular 4220.1E, are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Agreement. The Contractor shall not perform any act, fail to perform any act, or refuse to comply with any requests which would cause firm to be in violation of the FTA terms and conditions.

9. SUSPENSION AND DEBARMENT

Suspension and Debarment - This contract is a covered transaction for purposes of 49 CFR Part 29 if it equals or exceeds \$25,000.00. As such, the contractor is required to verify that none of the contractor, its principals, as defined at 49 CFR 29.995, or affiliates, as defined at 49 CFR 29.905, are excluded or disqualified as defined at 49 CFR 29.940 and 29.945.

The contractor is required to comply with 49 CFR 29, Subpart C and must include the requirement to comply with 49 CFR 29, Subpart C in any lower tier covered transaction it enters into.

By signing and submitting its proposal, the proposer certifies as follows:

The certification in this clause is a material representation of fact relied upon by Recipient. If it is later determined that the proposer knowingly rendered an erroneous certification, in addition to remedies available to Recipient, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment. The proposer agrees to comply with the requirements of 49 CFR 29, Subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

10. DISPUTES

Disputes arising in the performance of this Contract which are not resolved by agreement of the parties shall be decided in writing by the authorized representative of Recipient. This decision shall be final and conclusive unless within ten (10) days from the date of receipt of its copy, the Contractor mails or otherwise furnishes a written appeal.

- a. Performance During Dispute - Unless otherwise directed by Recipient, Contractor shall continue performance under this Contract while matters in dispute are being resolved.
- b. Claims for Damages - Should either party to the Contract suffer injury or damage to person or property because of any act or omission of the party or of any of his employees, agents or others for whose acts he is legally liable, a claim for damages therefor shall be made in writing to such other party within a reasonable time after the first observance of such injury of damage.
- c. Remedies - Unless this contract provides otherwise, all claims, counterclaims, disputes and other matters in question between the Recipient and the Contractor arising out of or relating to this agreement or its breach will be decided by arbitration if the parties mutually agree, or in a court of competent jurisdiction within the State in which the Recipient is located.
- d. Rights and Remedies - The duties and obligations imposed by the Contract Documents and the rights and remedies available thereunder shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law. No action or failure to act by the Recipient or Contractor shall

constitute a waiver of any right or duty afforded any of them under the Contract, nor shall any such action or failure to act constitute an approval of or acquiescence in any breach thereunder, except as may be specifically agreed in writing.

11. LOBBYING

Byrd Anti-Lobbying Amendment, 31 U.S.C. 1352, as amended by the Lobbying Disclosure Act of 1995, P.L. 104-65 [to be codified at 2 U.S.C. § 1601, et seq.] - Contractors who apply for an award of \$100,000 or more shall file the certification required by 49 CFR part 20, "New Restrictions on Lobbying." Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier shall also disclose the name of any registrant under the Lobbying Disclosure Act of 1995 who has made lobbying contacts on its behalf with non-Federal funds with respect to that Federal contract, grant or award covered by 31 U.S.C. 1352. Such disclosures are forwarded from tier to tier up to the recipient.

12. CLEAN AIR

(1) The Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. §§ 7401 et seq. The Contractor agrees to report each violation to the Purchaser and understands and agrees that the Purchaser will, in turn, report each violation as required to assure notification to FTA and the appropriate EPA Regional Office.

(2) The Contractor also agrees to include these requirements in each subcontract exceeding \$100,000 financed in whole or in part with Federal assistance provided by FTA

13. CLEAN WATER

(1) The Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq. The Contractor agrees to report each violation to the Purchaser and understands and agrees that the Purchaser will, in turn, report each violation as required to assure notification to FTA and the appropriate EPA Regional Office.

(2) The Contractor also agrees to include these requirements in each subcontract exceeding \$100,000 financed in whole or in part with Federal assistance provided by FTA.

14. ENERGY CONSERVATION

The contractor agrees to comply with mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act.
