

LOWCOUNTRY GO MARKS ONE-YEAR ANNIVERSARY WITH GIVEAWAY

WIN BIG WHILE HELPING THE ENVIRONMENT AND REDUCING TRAFFIC

NORTH CHARLESTON, SC (Feb. 26, 2019) – [Lowcountry Go](#), a commuter services program that connects real people with real commuter solutions, is celebrating its one-year anniversary with a giveaway contest for current and new program users.

The grand prize is a gift basket from Gullah Gourmet valued at more than \$200, including Gullah Gourmet’s shrimp-and-grits mix, Charleston Candles, American Classic Tea, a \$50 gift certificate from Magnolias and more. To be eligible, participants must be registered with Low Go and like select posts on Lowcountry Go social medial channels through Feb. 28. The winner will be announced March 1.

“While there’s only one grand prize this week, everyone who signs up for Lowcountry Go is a winner because they’re saving money, reducing stress and, of course, have access to the Lowcountry Go emergency ride home feature, which allows for up to three reimbursable rideshares each year,” said Lowcountry Go program manager Vonie Gilreath.

Lowcountry Go connects tri-county residents with real commuting solutions such as first-mile and last-mile options, transit routes and park and ride locations. The convenient interface of the Low Go website allows users to safely connect with others through carpools – all while relieving traffic headaches, saving money and reducing environmental impact. Lowcountry Go offers sustainable commute options and connects commuters in the region based on origin, destination, time, date, or events.

The program gained more than 400 users in its first year and officials expect to see that number increase with the rollout of a subsidized van pool feature in 2019.

Participants and those interested in the program, which is free of charge, can get started by visiting www.lowcountrygo.com or downloading the phone app through Google Play or the App Store.

ABOUT LOWCOUNTRY GO

The Lowcountry Go Commuter Program is a regional partnership of the Berkeley-Charleston-Dorchester Council of Governments, the South Carolina Department of Transportation, the Federal Highway Administration and employers and stakeholders in the Tri-County region. Working together, the program focuses on reducing traffic congestion and improving quality of life for our region. This is a pilot program for the state of South Carolina.
