I. Call to Order:

A) Invocation/Pledge of Allegiance

B) Introductions

Clay Duffie of Mt. Pleasant Waterworks presided in Chairman Shade's absence. Mr. Duffie called the meeting to order at 2:00 p.m. Introductions were made.

II. Approval of Minutes – September 26, 2018

Doug Thompkins made a motion to approve the minutes from the September 26, 2018 meeting as presented and Ardith Rossignol seconded the motion. The motion was unanimously approved.

III. Trident Area Groundwater Management Plan Revisions - Discussion

Mr. Duffie announced that the purpose of today's meeting is to hold a discussion regarding the Trident Capacity Use Area Groundwater Evaluation Plan. He stated that when the Plan was adopted, it was moved through the stakeholder process rapidly; therefore, input and discussion on the development of the Plan was limited. Consequently, DHEC stated that they would be open to review proposed modifications, updates or enhancements to the Plan that the TAC believes to be reasonable and appropriate. It was noted that the TAC will send a letter to DHEC requesting revisions to the current Plan. It was believed that the establishment of the hierarchy of groundwater use should be included in the revised Plan as well as establishment of a more defined criteria for evaluating withdrawal permit applications. It was also discussed that specific goals and benchmarks should be established for each aquifer and included in the revised Plan.

IV. Other Business

Discussion was made that the TAC meet quarterly, perhaps starting in June, in order to begin reviewing of the next round of permits that will expire in October 2023.

V. Chairman's Time

In the interest of time, Mr. Duffie had nothing further to discuss.

VI. Adjourn

There being no further business to discuss, Mr. Duffie adjourned the meeting at 3:20 p.m.

Respectfully submitted,
Kim Coleman
