

**2040 CHATS LONG RANGE TRANSPORTATION PLAN
AMENDMENT #3**

Draft Amendment: July 17, 2020

The 2040 CHATS LRTP is being amended to reflect more clearly the funding sources identified for each phase of a project considered "Committed" at the time that the 2040 LRTP was adopted.

CHAPTER 4 – ROADWAY CONNECTIVITY

ROADWAY PROJECTS –

Committed roadway improvement projects are identified as any roadway project located within the CHATS planning area that is under construction, completely programmed or partially funded. The committed roadway projects provided in Table 4-1 were considered to establish the baseline Existing plus Committed (E+C) condition, which was used to evaluate the new vision projects identified through the LRTP update process. The committed projects listed below have not been evaluated or ranked in this current planning process, but are retained in the LRTP 2040 update for informational purposes.

Table 4-1: Committed Projects

ID	Location	Project Type	Potential Laneage	Limits	Phase	Funding Source	Commitment	Status
BERKELEY COUNTY								
B-1	Clements Ferry Rd (Phase I)	Widening	4-Lane Divided	I-526 Interchange to Jack Primus Rd	-	-	-	Complete
B-2	Clements Ferry Rd (Phase II)	Widening	4-Lane Divided	Jack Primus Rd to SC-41	PE	Guideshare	Fully Committed	Fully Funded
					R	Berkeley County TST		
					CON	Guideshare/Berkeley County TST		
B-3	College Park Rd	Widening	4-Lane Divided	US-17A to Corporate Prkw ay	-	-	-	Complete
