II. INTRODUCTION

The Berkeley Charleston Dorchester Council of Governments (BCDCOG) is the Administrative and Fiscal agent for the Trident Workforce Development Board (TWDB). The TWDB area covers Berkeley, Charleston and Dorchester Counties located on and near the coast of South Carolina. The BCDCOG, as operator of the WIOA Youth Program for the TWDB is seeking proposals from qualified firms to operate the WIOA Youth Program.

III. SCOPE OF WORK

PURPOSE

The purpose of this Request for Proposal (RFP) is to solicit a service provider to operate a systematic youth program in accordance with Title I of the Workforce Innovation and Opportunity Act (WIOA) of 2014. Final details of the scope of work will be negotiated after the award.

The intent of WIOA with respect to youth programs is to move away from one-time, short-term interventions and implement a systematic approach that offers youth a broad range of coordinated services. Such offerings include opportunities for assistance in both academic and occupational learning, developing leadership skills, and preparing for further education, additional training, and eventual employment. Rather than supporting separate categorical programs, the youth sections of the WIOA Law are written to facilitate the provision of a menu

of varied services that may be provided in combination or alone at different times during a youth's development.

YOUTH TO BE SERVED

The provider of youth services will serve a minimum of 300 youth. The minimum number served may increase or decrease based on funding availability. WIOA requires a minimum of 75 percent of State and local youth funding to be used for out-of-school youth. At least 20 percent of local Youth funds must be used for work experiences, such as summer and year round employment, pre-apprenticeship, on-the-job training, or internships and job shadowing. If in-school youth are served, it must include youth from each of the respective counties. All In-School youth must be low-income individual and have one of the qualifying barriers.

The Scope of Work segment of this RFP is divided into the following four (4) sections:

- Section 1 - Program Design which describes the required criteria that must be included in all Youth Program Components to include the specific local program requirements for both in-school and out-of-school youth and summer employment program.
- Section 2 - Program Eligibility which describes the requirements for program eligibility.
- Section 3 - Partnerships which describes criteria for Partnerships.
- Section 4 - Performance Accountability which describes performance accountability.

SECTION 1. PROGRAM DESIGN

Successful proposer or offeror who become a program operator for youth program activities must be able to accomplish and implement the following program design requirements:

Case Management - Case Management must be provided to ensure all youth are successful. Case Management is a participant-centered, goal-oriented approach to the delivery of services designed to coordinate comprehensive educational, employment, and career pathway goals and plans to ensure that participants have access to necessary training and support services.

Participant Recruitment and Screening - Responsible for recruitment of applicants for eligibility and suitability to participate in the applicable activity and/or service under the provisions of the WIOA and any contractual agreements resulting from this Request for Proposal. Proposer or offeror must develop/outline a detailed recruitment plan including outreach activities to recruit eligible youth in accordance with the youth eligibility requirements.

Participant Referral - Refer screened applicants to appropriate SC Works Center staff for program eligibility certification and comprehensive assessment. Proposal must demonstrate/outline in detail how the youth service provider will coordinate with other community agencies that are equipped to handle those referrals for ineligible youth that do not meet the WIOA youth eligibility requirements.

Participant Orientation - Provide all youth with a WIOA program orientation regarding the full array of applicable or appropriate services that are available through WIOA Title I youth programs and all services that are available through the SC Works Workforce Center prior to

providing services. Documentation of the orientation must be filed and maintained in the participant's official WIOA file folder. Orientation will include youth completing a Participant Rights Handout and being advised of their rights and responsibility and appeal process under the WIOA program.

Objective Assessment - Providing an objective assessment of the academic levels, skill levels, and service needs of each participant, which assessment shall include a review of basic skills, occupational skills, prior work experience, employability, interests, aptitudes (including interests and aptitudes for nontraditional jobs), supportive service needs, and developmental needs of each participant and assess the need for any of the youth elements. Standardized assessment tests will be used for assessment of basic skills, career interests and aptitudes (including interests and aptitudes for nontraditional jobs), and work readiness needs. Reasonable accommodations for individuals with disabilities and/or special needs will be provided to allow for participation in the assessment process. The service provider may assess supportive service needs and developmental needs of participants for the purpose of identifying appropriate services and career options. A new assessment of a participant is not required if the provider carrying out such a program determines it is appropriate to use a recent assessment of the participant conducted pursuant to another education or training program.

Individual Service Strategy (ISS) - The ISS must be documented in SCWOS in a timely manner and signed by participant and Career Coach. The ISS must be developed with the participant. The ISS shall identify career pathways that include the participant's educational and employment goals (including in appropriate circumstances, nontraditional employment), appropriate services for the participant taking into account the objective assessment described above. The ISS must include information on specific program elements. The ISS is a plan that should be used to track services to be delivered and/or coordinated by the program and should be regularly reviewed and updated as changes occur. Except that a new service strategy for a participant is not required if the provider carrying out such a program determines it is appropriate to use a recent service strategy developed for the participant under another education or training program.

Providing

- Preparation for post-secondary educational/training opportunities, in appropriate cases.
- Activities leading to the attainment of a secondary school diploma or recognized equivalent or recognized postsecondary credential.
- Strong linkages between academic and occupational learning.
- Preparation for unsubsidized employment opportunities; in appropriate cases.
- Effective connections to intermediaries with strong links to the job market.
- Local and regional employers.

The Youth Service Provider must demonstrate how they plan to provide all components of the program design framework, which consists of intake, objective assessment, individual service strategy development, and information and referrals for youth participants. A description of these key components is provided below:

Case Management

Case management is a participant-centered, goal-orientated approach to the delivery of services designed to coordinate comprehensive employment plans to ensure that participants have access to necessary training and support services. Case Management strategies should include, but are not limited to:

- Regularly scheduled contact with the participants.
- Intensive and personal follow-up activities.
- Use of the Individual Service Strategy (ISS) benchmarks to measure progress.

Case managers deliver effective services to facilitate positive growth and development of youth. Case managers are responsible for intake, assessment, and developing an Individual Service Strategy (ISS) for WIOA-eligible youth. A description of each activity is provided below:

- Intake involves services such as registration, eligibility determination, and collection of information to support verification of eligibility of services. It may also include pre-screening of potential participants and general orientation to self-help services. Other activities include referrals to other services.
- Assessment is a process that identifies service needs, academic levels, goals, interests, skills levels, abilities, aptitudes, and supportive service needs; it also measures barriers and strengths. It includes a review of basic and occupational skills, prior work experience, employability potential and developmental needs. Assessment results help develop the ISS.
- The ISS is the plan that identifies the employment goals, educational objectives, and prescribed appropriate services for the participant. The ISS is essential in identifying the needs of participants and is a critical component when it comes to assisting a young person's development.

South Carolina utilizes the SC Works Online System (SCWOS) to track and document services provided to customers. Youth service providers are required to utilize SCWOS for all case management activities. All documents must be uploaded in SCWOS and the state's guidance on vouchers creations and the advanced individual funding tracking module must be followed.

Service Activities

Youth must be made aware of all 14 youth program elements required under WIOA section 129(c)(2) and 20 CFR 664.410 although not all youth program elements must be provided to every youth participant, but they all must be presented to all youth and made available as needed. The service provider must determine what program elements will be provided based on the participant's objective assessment and individual service strategy. However, each youth will participate in more than one of the 14 program elements required as part of any local youth program, and all youth must receive follow-up services. The program elements are:

- Tutoring, study skills training, and instruction leading to secondary school completion, including dropout prevention strategies.

- Occupational skill training.

All proposals must clearly describe how each component will be conducted. Bidders must submit proposals for - out-of-school youth, and a summer youth employment component under Work Experience programs. All proposals must describe how each service will be provided, who will provide the service and as appropriate, what curriculum will be used.

In-School Youth

No requirement to serve in-school youth; however, if a provider selects to serve, they should adhere to the following:

- WIOA defines “in-school” youth as a youth enrolled in any school, including alternative schools. The Trident area’s in-school program will focus on at-risk as defined by the local school districts.
- Because in-school youth in Berkeley, Charleston and Dorchester counties may be served, proposals must demonstrate how the service provider will coordinate with each school district to successfully serve youth. Letters of support from the school districts and/or individual schools must be included in the proposal.

Out-Of-School Youth

- WIOA defines “out-of-school” youth as a school dropout or a youth who has received a secondary school diploma or its equivalent but is basic skills deficient, unemployed or underemployed. “Underemployed” is defined as working part-time (less than 30 hours per week) but desires full-time employment; or is working in employment not commensurate with the individual’s demonstrated level of education attainment.
- The Trident area’s out-of-school youth program will focus on the provision of **ALL** WIOA required elements necessary to assist youth, ages 17 – 24, attain employment that leads to self-sufficiency. These elements are defined in Part 22; Section a, Number 11 of this RFP.

Proposals must demonstrate how the youth service provider will ensure that all counties will be served as directed by Trident Workforce Development Board. It is required that all participants in this program be residents of Berkeley, Charleston and Dorchester Counties and meet WIOA eligibility and entry guidelines established by the federal WIOA regulations, the Department of Employment & Workforce and the TWDB. Thirty (30) % of new participants must be dropouts based on WIOA regulations.

Outlying Areas - Of the total out-of-school youth to be served, 35% must reside in the outlying areas of Berkeley, Charleston and Dorchester counties i.e. St. Stephen, St. George, Awendaw, Johns Island, etc. Proposals must clearly identify the outlying areas to be served and how services will be successfully provided to these youth, including how barriers, such as

transportation, will be overcome. Bidders are encouraged to coordinate with faith-based and community-based organizations to successfully serve the outlying areas.

The Trident area's **Out-of-School Youth** component must consist of the following:

- **Fourteen Required Elements** - Proposals must demonstrate how ALL WIOA- required youth program elements will be made available to all youth. Additionally, the proposal must clearly indicate who will provide each element.
- **Neediest Youth** - The Department of Labor has defined "neediest youth" as those in foster care (particularly those aging out of foster care), youth in the juvenile justice system, children of incarcerated parents, and migrant youth. Proposals must demonstrate how the youth service provider will serve these youth by coordinating WIOA services with other community resources.

SC Works Services - To ensure youth are provided access to the community services offered through the one-stop system, WIOA case management staff funded through this grant must provide services at each of the Trident area's comprehensive centers which include, but may not be limited to:

- SC Works Charleston Center, 1930 Hanahan Road, North Charleston, SC 29406
- SC Works Berkeley Center, 325 E. Main Street Moncks Corner, SC 29461

Employability Skills Training - Any youth that will participate in a work experience or an on-the-job training activity, MUST receive 20 hours of Employability Skills Training prior to beginning the job to ensure the youth has the soft skills necessary to be "job-ready". Proposals must demonstrate how this will be provided and the curriculum that will be used.

Services to Youth "Carry-Overs" - Any out-of-school youth who registers prior to and does not exit by July 1, will be considered a "carry-over" and must be provided services necessary to complete their Individual Service Strategy (ISS). Additionally, any youth that exits during the Program Year (July 1, - June 30th) must be provided follow-up services for 12 months after the exit. Proposals must demonstrate how the youth service provider will ensure these youth are provided continued service, in addition to serving the new youth that will be registered into the program.

Summer Youth - The Summer Youth Employment Program will be funded utilizing the regular formula funds. Participants in the summer youth employment program will be a part of the year around program; therefore, participants in a summer youth employment program will be held to the same standards and requirements as all other participants. Outside resources may be utilized in placing youth in a summer youth employment program.

OTHER CONSIDERATIONS RELATED TO YOUTH PROGRAM DESIGN

- **Length of Time in Program**
Participants are enrolled in the program for 18 months, not to exceed 24 months.
Therefore, Individual Service Strategy plans will be written to be completed within 18-24

months. Exceptions may be allowed under extreme circumstances, with adequate justification and appropriate approval.

- **Concurrent Enrollment**

According to Section 664.500(b) of the Act, eligible youth who are 18 through 24 years old may participate in youth and adult programs concurrently, as appropriate for the individual. Such individuals must meet the eligibility requirements under the applicable youth or adult criteria for the services received. Local program operators must identify and track the funding streams for services provided to individuals who participate in youth and adult programs concurrently, ensuring non-duplication of services. The Trident area's policy for dual enrollment must be adhered to for dually enrolling youth in WIOA.
