

SCDOT Requests Public Comment on the Statewide Transportation Improvement Program (STIP) Amendment to Include Preliminary Engineering for the Municipal Separate Storm Sewer System (MS4) Permit Program

The South Carolina Department of Transportation (SCDOT) requests comments from the public regarding the renewal of the Municipal Separate Storm Sewer System (MS4) Permit Program to the 2021-2027 Statewide Transportation Improvement Program (STIP). The SCDOT Commission approved, during its May 19, 2022 meeting, a public comment opportunity for compliance and delivery of the Municipal Separate Storm Sewer System (MS4) Permit Program.

The National Pollutant Discharge Elimination System (NPDES) program originated from the United States' Clean Water Act. The NPDES MS4 permit is a federally and state mandated requirement to ensure the waters of the US are not negatively impacted from publically owned drainage systems. The NPDES MS4 permit requires SCDOT to develop, implement and enforce a storm water management plan to reduce the discharge pollutants to maximum extent practicable.

The public has the opportunity to comment on the action to amend the STIP to include the preliminary engineering phase of work in FY2022-2027. SCDOT will receive public comment for a 21-day period from **May 24, 2022** through **June 14, 2022**.

Statewide EPA Mandated/Administered MS4 Storm Water Permit Program		
Phase of Work	Year	Cost
PE	FY 2022-FY 2027	\$7,250,000

A summary of substantive comments will be available to the Commission. Pending no substantive comments, these projects will be added to a subsequent STIP version.

A copy of this press release is available for public review and comment online until **June 14, 2022**.

To assist those who do not have internet access, a hard copy of this press release and any supporting information are available for public review and comment at the following locations:

SCDOT Requests Public Comment on the Proposed 2022-2023 Pavement Improvement Program and the Proposed 2023-2024 Primary Pavement Improvement Program

The South Carolina Department of Transportation (SCDOT) requests public comments on the proposed 2022-23 Pavement Improvement Program and the proposed 2023-2024 Primary Pavement Improvement Program to be added to the 2021-2027 Statewide Transportation Improvement Program (STIP). The SCDOT Commission approved, during its May 19, 2022 meeting, a public comment opportunity for the recommended ranked pavement improvement project lists.

The proposed 2022-2023 Pavement Improvement Program includes the reconstruction and rehabilitation of 1,133 miles of Major Roads/Primaries, Farm to Market Secondaries, and Neighborhood Streets. Additionally, the 2023-2024 Primary Pavement Improvement Program includes the rehabilitation and reconstruction of 510 miles of Major Roads/Primaries. The public has the opportunity to comment on the action to amend the STIP to include the proposed Pavement Improvement Programs. SCDOT will receive public comment for a 21-day period from **May 24, 2022** through **June 14, 2022**.

The projects recommended for the proposed 2022-2023 Pavement Improvement Program and the 2023-2024 Major Roads/Primaries were selected utilizing ranking processes that are based on objective and quantifiable factors, that comply with the Ten-Year Plan, support the performance targets established in the Transportation Asset Management Plan and utilize a county by county distribution of paving funds in order to ensure that every county of the state is guaranteed paving funds.

A summary of substantive comments will be available to the Commission. Pending no substantive comments, the projects will be added to a subsequent STIP version.

A copy of this press release, along with an interactive online map, is available for public review and comment online until **June 14, 2022**.

To assist those who do not have internet access, a hard copy of this press release and any supporting information are available for public review and comment at the following locations:

2022 – 2023 Pavement Improvement Program

***Rehabilitation and Reconstruction Projects
on the Primaries, Farm to Market Secondaries
and Neighborhood Streets***

2022-2023 Pavement Improvement Program

I certify that the projects recommended on the following pages for the 2022-2023 Pavement Improvement Program were selected utilizing ranking processes that are based on objective and quantifiable factors, comply with the Ten-Year Plan, support the performance targets established in the Transportation Asset Management Plan and utilize a county by county distribution of paving funds in order to ensure that every county of the state is guaranteed paving funds.

The additional 1,133+ miles of paving projects contained in 2022-2023 Pavement Improvement Program will be added to the previously approved 5,038+ miles of paving projects advanced since the implementation of Act 40 of 2017 and incorporated into the "New Gas Tax Trust Fund" transparency and accountability reports.

A handwritten signature in blue ink that reads "Christy A. Hall". The signature is written in a cursive style and is positioned above a horizontal line.

**2023 – 2024
Primary Pavement
Improvement Program**

***Rehabilitation and Reconstruction Projects
on the Major/Primaries***

I certify that the projects recommended on the following pages for the 2023-2024 Primary Pavement Improvement Program were selected utilizing ranking processes that are based on objective and quantifiable factors, comply with the Ten-Year Plan, support the performance targets established in the Transportation Asset Management Plan and utilize a county by county distribution of paving funds in order to ensure that every county of the state is guaranteed paving funds.

The additional 510+ miles of paving projects contained in 2023-2024 Primary Pavement Improvement Program along with the 1,133+ miles contained in the 2022-2023 Pavement Improvement Program will be added to the previously approved 5,038+ miles of paving projects advanced since the implementation of Act 40 of 2017 and incorporated into the “New Gas Tax Trust Fund” transparency and accountability reports.

**Christy A. Hall, P.E.
Secretary of Transportation**
