**X. Executive Director's Report**

Ron Mitchum, Executive Director, followed up with a question about steps according to Mr. Josh Johnson, SCDOT, updates. Mr. Mitchum stated that there is a budget request on the state level to establish a bigger TMC in the region. Right now, we have a small facility at SCDOT at the district office which holds two seats currently and then everything goes to the state center in Columbia, so the idea will be to expand that. We are beginning that process of looking at what that will take and looking at setting up a working committee. We would like to do that with SCDOT and with each county involvement. Mr. Mitchum stated that we have had conversations with Secretary

Powell about taking more responsibility for signal systems and previously we had funded those kinds of investments. Mr. Mitchum informed the Committee that a trip is scheduled to Florida to look at the Jacksonville Center to see what that looks like. Mr. Mitchum also informed the Committee that Charleston County was asked to consider their sales tax initiative to identify that investment for signal systems and ITS technology. There is DOT monetarization in the House Senate, and we will probably have an update at the next meeting that may have some adjustments on MPO's and COG's. LCRT which is a COG project in coordination with CARTA are moving towards that full funding grant agreement application looking for approval in late summer. It is a part of the appropriation tax that was passed on February 3, 2026, which did include the balance of funds that we needed from the Feds.

**XI. Adjourn**

With no further business to discuss, Vice Chairman Touchberry thanked everyone for attending today's meeting and adjourned at 11:05 a.m.

Respectfully submitted,  
Jennifer Dantzer

#### Regional Mobility Program (RMP)

1. US-78 Phase 3A – Dorchester County is requesting \$20M in CHATS RMP funds to offset increases in the project cost. Adjustments to the project's programming are as follows:
  - Increase CHATS RMP funds programmed in FFY 2026 by \$20,000,000 from \$4,557,000 to \$24,557,000 for construction
