

## St. James Avenue Shared-Use Path & Crossing Addendum # 1

Date: May 19, 2026

Bid Date: June 10, 2026

### **Misc Items:**

- Bid is Due June 10, 2026 by 10:00AM EST.
- Walking Path will run from 3<sup>rd</sup> Ave to Old Mt. Holly and preferred on the residential side of 176 as a 3.28-mile walking path.
- Grant Requirements will be a 2030 completion of the project.
- No design or concept to date.
- Will need to coordinate with Berkeley Co as they are working on the Old Mt Holly project.
- Will need to coordinate with all utility companies for any work being done.

### **Questions:**

- Will a DOT encroachment permit be needed? **Yes**
- Will IGA be needed? **No**
- What company will review the storm water? **Berkeley County**
- Grant Sub-funding coordination needed? **No**
- Will Goose Creek handle all grant requirements? **Yes**
- Do you have a timeline requirement for the grant? **Yes – The grant milestones have been delayed due to time between grant application submittal and the agreement was executed. The city expects the following schedule to be accepted by the granting agency:**
  - **The new grant period is September 8, 2025, to September 7, 2030 (60 months after grant agreement is executed).**
  - **NEPA Completion: March 1, 2028**
  - **Planned Construction Substantial Construction Completion: June 1, 2030**

- Final Report: September 7, 2030
  - A schedule update will be submitted to the granting agency once a design firm is selected and can provide their expected project delivery schedule.
- 
- Who will maintain the lighting? Berkeley Electric
  - Will a photometric lighting plan be required? Yes, lighting plan will need to be approved by Berkeley Electric.
  - What are the ADA requirements? DOT Standards
  - Can the path go through any neighborhoods? We are open to any plans
